STUDENT POLICIES

The staff of Chemawa Indian School wants to provide a positive learning environment for our students. Our priorities are to encourage strong academic progress and to create a safe, effective classroom and dormitory situation. Therefore, we have adopted the following policies to promote an atmosphere of education.

Search and Confiscation Policy

Chemawa Indian School, in our intention to provide for health, safety and general welfare of students with whom they are entrusted will conduct periodic random searches for illicit drugs and alcohol and weapons. The search may include all personal items, including and not limited to cell phones, and school assigned items. Searches may be conducted with a dog trained to detect illicit drugs and alcohol. Illicit items will be promptly confiscated when found and student may be subject to disciplinary action including participation in peer court system. Students may be searched upon return to campus from any activity and any contraband found will be confiscated.

Student Success Program

Data over the past few years has shown that the increase in marijuana use seems to be the major barrier to student success, including apathy, truancy and behavior. The Student Success Program is designed to address the choices that students make during their academic and free time by requiring students that are caught with drugs or in use participate in an alternative educational program. This program will involve small group education, community service, physical activity, counseling and a reduction in free time. Students refusing to positively participate in this program will be subject to additional disciplinary measures.

Gang Behavior Policy

Chemawa Indian School recognizes that gang activity in any form threatens the safety and well-being of individuals and is disruptive and harmful to the educational process. Chemawa Indian School refuses to allow gang activity, including displaying colors or manner of clothing that are commonly identified as similar to gang activity, to be associated with any aspect of the educational environment.

Electronics

Personal electronics are not appropriate in classrooms during instructional time. Electronics seen or heard in the classrooms without express permission of the teacher will be confiscated by administration for the period of time as set out in the code of conduct. Students unable to regulate the use of their electronics, or those that are failing classes, may be required to lock up their phones during the academic day.

Phones Calls during School

Parents and family should refrain from calling students directly on their personal electronics during school hours (9 am – 4 pm, Monday through Friday). If there is an emergency, calls should be routed through the school office. Students will be held responsible for any phone calls answered on their personal phones during school time, including those by the guardians.

It's already time to get ready for the 2023-2024 school year at Chemawa!

We would like to introduce you to our clinic and give you an overview of the services we offer. Chemawa Indian Health Center is an IHS clinic located next door to the school. The school and clinic work closely together to promote health and wellness, learning, and resiliency. Together we can help your child achieve their best!

We offer a variety of health care programs and services to support Chemawa students. We provide primary care, dental exams and treatment, optometry exams and glasses, pharmacy services, lab testing, and behavioral health prevention and counseling programs. We have included some information, forms for you to fill out, and a checklist of documents in the application packet. This information will help us be ready to take good care of your child's health while they are at school.

Chemawa Indian Health Center follows Federal confidentiality laws, and also Oregon's health care access and consent laws. Oregon's laws were created to give all Oregon youth access to timely, confidential, and effective care. While students are at Chemawa they can independently consent to receive most health care services starting at age 15, and consent for most behavioral health services at age 14. To learn more about Oregon's laws, please go to: [Minor Rights: Access and Consent to Health Care](https://www.oregon.gov/obo/Documents/minor-rights.pdf) (<https://www.oregon.gov/obo/Documents/minor-rights.pdf>)

If you or your child would like to learn more about national resources available for Native Youth, we recommend WeRNative.org's website and their list of Youth Support resources. Please use this link to learn more: [Youth Resources](https://www.wernative.org/resources) (<https://www.wernative.org/resources>).

We look forward to being part of the amazing team that will be supporting your child this coming school year. If you have any questions, please feel free to reach out to us at (503) 304-7600.

Thank you for your commitment to your child's education, health, and wellness.

Dear Parents or Guardians,

Most Medicaid programs don't cover people while they are going to school outside of their home state. All Chemawa students who are eligible for Indian Health Service (IHS) can be seen at Chemawa Indian Health Center. Having Oregon Medicaid means students can get any type of health care they need, like specialist appointments and emergency room visits. Chemawa Indian Health Center and the State of Oregon work together to enroll students into Oregon's Medicaid program during the first week they are on campus. The State of Oregon approves Chemawa students for Medicaid regardless of income.

What about Purchased Referred Care (PRC)? All IHS clinics require patients to use other possible resources before using PRC funds. PRC cannot pay for any services until Medicaid enrollment is done. Missing or unreadable paperwork is the most common reason for a denial or delay. To enroll in Oregon Medicaid, the following documents must be submitted with the application:

1. Tribal Identification Card or Certificate of Indian Blood
2. Birth Certificate
3. Legal name change document (if the name was changed from what is on the Birth Certificate)
4. Social Security Card (if the student had a name change, please contact their local social security office to change the name on their social security card)
5. Private Insurance card, front and back (if student is covered by private insurance)

Please include copies of these documents in your student's application packet, and make sure they are readable.

What happens at the end of the school year? Students will be removed from Oregon Medicaid when they leave the state. Before students can re-enroll in their home state Medicaid program, they must be dropped from Oregon's coverage. We make removing the Oregon Medicaid a priority at the end of each school year, but Oregon's process can take 15-45 days. If your student needs immediate coverage by their State's program, please contact the business office at Chemawa Indian Health Service. We will need the caseworker's name, telephone number, fax number and Case number, if available. Chemawa staff will work directly with the caseworker to help make the transition.

If you have any questions, please call us at 503-304-7600. It is our pleasure to work with our Chemawa students and their families.

Respectfully,

The Chemawa Indian Health Center Team

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the provider may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians). This form is an exact duplicate of the current form required by the State Board of Education containing the same history questions and physical examination findings. I have also reviewed the "Suggested Exam Protocol".
