BEHAVIORAL HEALTH CONSENT FOR TREATMENT

I have been informed of the following:

Treatment Policy: The Behavioral Health Department provides individual, couples, and group counseling on a voluntary basis: Students may request counseling services or may be referred by medical staff, dorm staff, academic staff and/or parent/guardian. Under some circumstances, services may be provided via electronic media, in which case, patient will be verbally informed of the associated limitations and risks. A provider will complete a detailed personal history and determine an effective treatment plan which may include the use of therapy, community resources, traditional healing, and the use of medications. Students cannot be forced to participate in any part of the treatment plan or forced to take medications. The provider will verbally review possible risks, benefits and limitations of any course of treatment and the risks of refusing treatment.

Court ordered treatment or evaluations are not provided.

Rights and Responsibilities: I have been informed of my Patient's Rights and Responsibilities and Privacy Practices at the IHS Clinic at Sherman Indian High School. I understand if I have any concerns or complaints about my treatment, I may contact the supervisor, the Patient Advocate or Department Chief at Phoenix Indian Medical Center (PIMC) at any time.

SIHS IHS Clinic phone number: (951) 509-8780 PIMC Phone Number: (602) 263-1518

Limits of Confidentiality: I understand I have a right to privacy and limited confidentiality regarding my treatment in the Behavioral Health Department. No information about myself will be released without my signed consent for such release, within the limits allowed by applicable federal and state law. I understand confidentiality cannot be provided if I am feeling suicidal (want to hurt/kill myself), homicidal (thought or desire to hurt or kill others), or if there is a suspicion of child, elder, or disabled adult abuse. I understand that patient and treatment information may be shared and discussed with other health providers to optimize my mental health care. My behavioral health documentation will be documented in the EHR (Electronic Health Record) and can only be viewed by authorized providers within the clinic or Phoenix Indian Medical Center.

Patient Responsibilities: I understand that it will be my responsibility to keep my appointments and actively participate in my treatment plan. Should I fail to show for 2 consecutive appointments without canceling, my active behavioral health chart will be closed, which means I will need to begin another initial treatment process. SIHS Pathways Programs
Real-World Education, Real-World Experiences

Please identify your top 2 Pathways you're interested in from the list below and check your 1st Choice and 2nd Choice:

	1 st Choice	2 nd Choice
Administration of Justice, Public Service (Mr. Heard) Introduces students a foundation to understand the criminal justice system and Crime Scene Investigation for 10 th , 11 th and 12 th grade students. For seniors and a few selected juniors, the BIA Wildland Fire Academy has been introduced into the Public Service Program. Students (Academy Cadets), learn the Principles of Fire Science, Basic Fire Terminology, Fire Fighting Preparedness, and Fire Suppression. On completion of the course, Cadets earn BIA Wildland Fire (Federal) certification status.		
Animal Husbandry & Veterinary Science (Mrs. Trapp) Students are introduced to animal husbandry concepts to help with livestock production, growth, and care. They also learn Veterinarian concepts of animal health and grooming animals to maintain the health of the animal. Students in this program are part of the Future Farmers of America, (FFA), to prepare them for career development events and leadership. Our students compete in local livestock fairs where they will raise and sell an animal and other leadership activities through the FFA Organization.		
Carpentry & Construction (Mr. Hayden) These classes provide a foundation within the building and construction industry. Students gain hands-on experience, technical skills, and career preparation that allow them to explore construction trades. Advanced classes provide students with additional skills, such as career study, prop making, welding, plumbing, and campus projects.		
Culinary Arts (Mr. Moreno) Culinary uses ProStart's career and technical education program that unites the foodservice industry and the classroom to teach high school students' culinary skills and restaurant management principles, as well as employability skills such as communication, teamwork, professionalism, and time management. Students can also work towards entering the "CA ProStart Cup" cooking competition in Long Beach, CA – where they can pitch a new restaurant concept to a panel of restaurateurs or put the finishing touches on a three-course meal as a crowd of people watch. Additionally, students will gain a National Food Services Certification to help with finding an entry level or Management jobs.		
Computer Literacy & Graphic Design (Ms. Townsend) In Computer Literacy, students gain insight into data & technology; then, upon successful completion, they may advance to Graphic Design. Advanced students will gain an introduction to Principles in Graphic Design and construct finished products using gradients of color on (Starbucks) cups and Origami projects, which will be submitted to the Heard Museum for their Student Art Exhibit.		
Health (Mrs. McMorris) This Pathway is designed to get students interested in entering a Health career. Each course has a different focus to help them understand the endless amounts of avenues they may choose. A hands-on approach to learning will open their eyes to their personal wellness and start them brainstorming ways they can help others.		
Mechanics and Electricity (Mr. Harrington) Students learn about the design and operation of small gas engines while disassembling and assembling one in the lab. Students will learn about automobile drivetrains, steering, suspension, and brakes. In Electricity students learn what electricity is, the units of electricity, and how it functions in different circuits. Students then move on to electric welding to further their understanding of electricity.		

The Pathways are funded by a generous grant from the San Manuel Band of Mission Indians.

IN REPLY REFER TO:
Principal's Office Ext. 205

Dear Parent/Guardian:

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Sherman Indian High School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Sherman Indian High School may disclose appropriately designated "directory information" without written consent, unless you advise SIHS to the contrary. The primary purpose of directory information is to allow SIHS to include this kind of information from your child's education records in certain school publication, school-related websites, in communication with colleges and universities, and to the military services. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Sherman Indian High School to disclose directory information from your child's education records without your prior written consent, you must notify the Principal in writing within five (5) school days of your student's initial arrival on campus; this communication will need to be dated and signed by the legal parent or guardian (once a student reaches his/her eighteenth birthday the student has the responsibility for declining the release of information). SIHS has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Tribal affiliations
- Electronic mail address
- Photograph
- Date and place of birth
- Major fields of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, certificates, honors, and awards received
- The most recent educational agency or institution attended
- Parents' or guardians' names (such as in releasing scholastic honor information)
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (a student's SSN, in whole or part, cannot be used for this purpose)

If there are questions about your or your student's (18 or older) rights under FERPA you may contact the Principal's office at:

School Year 2024-2025

To: All Parents, Staff, Faculty, and Employees

The Environmental Protection Agency's *Asbestos Containing Materials in Schools, Final Rule and Notice, 40 CFR Part 763* requires that all public and government school are subject to inspection and re-inspection for the presence of asbestos every three (3) years after a management plan is in effect. This same statute also requires initial and annual notification of the availability of a management plan that outlines the steps to be taken to eliminate the hazard. As an institution subject to this requirement and due to our concern for the well-being of our students, our staff, and our faculty, we comply with this statute.

This correspondence represents the annual notification that is required by the *Asbestos-Containing Material in Schools Rule*, published at *40 CFR Part 763, Subpart E*. Sherman Indian High School provides this notice to inform the parents, teachers, and employee's organization about locations where they may review the asbestos management plan prepared for Sherman Indian High School.

As a result of our recent building survey concerning asbestos, we note that Sherman Indian High School contains a small portion of asbestos. Please also note that this asbestos is isolated and that it does not present an immediate health hazard.

A periodic surveillance (every six months) inspection is to be conducted in accordance with EPA 40 CFR 763.92 (b) to ensure that the material is not disturbed.

Also, a re-inspection (every third year) is conducted in accordance with EPA 40 CFR 763.85 (b).

We have received a management plan which is available for public review in the administrator's office during normal business hours.

When parents send students money orders to open an account, the parents should address the envelope to the *student bank*. Parents should make money orders out to "Sherman Indian Highs School Bank" put their student's name on the money order. His or her name will be placed on the mail list so he or she will know that a letter has arrived. The student can read the instructions and endorse the money order to open an account.

If a student wants money in a hurry, the parent can send it through Western Union or Money Gram. The parent may also set up an account with a local bank and give the student an ATM card. Dear Parent/Guardian:

The I Will See You Series delivers a curriculum developed by the Native Wellness Institute called Leading the Next Generations (LNG) Healthy Relationships. The LNG curricula along with supplemental lessons to support development of public service announcements (PSA) are aimed to combat the Missing and Murdered Native American crisis in tribal communities. The "I Will See You" workshop series is delivered by Health Educators under Riverside- San Bernardino County Indian Health Inc. (RSBCIHI). The Health Educators working in the Native Challenge Department at RSBCIHI offers youth development and life skills programming designed to promote positive decision making and healthy lifestyle choices. The LNG curriculum has been developed and evaluated under the Administration for Native Americans (ANA) by the Native Wellness Institute. RSBCIHI Health Educators have been actively serving local Native youth over 15 years. RSBCIHI will continue to provide student instruction with culturally adapted Native curricula through this academic school year (2023-2024). Under funding from ANA, RSBCIHI will offer the I Will See You Workshop Series this coming year. Below is more information of content.

- LNG Healthy Relationships: developed by the Native Wellness Institute. This curriculum was selected due to its foundation in Native culture and teachings. Additionally, this curriculum is trauma-informed as it recognizes and addresses the impact of historical and individual trauma. The LNG curriculum combines "the teachings of our Native ancestors with the realities of today's world," and has been identified as a "tribal best practice" by the Administration for Native Americans (ANA). The topics covered in this curriculum are: historical trauma, healthy gender roles, conflict resolution, healthy communication, healthy relationships, healthy sexuality/consent, and living in balance.
- PSA Workshop: a supplemental education to teach skills on public service announcements from Health Educators previously trained in STARS curricula. These workshops include additional art projects from a trauma informed art curricula A Window Between Worlds. These workshops will be immediately offered after LNG is complete to encourage students to use their own voice and lessons learned to create Missing & Murdered awareness material.
- Family Cultural Nights: aims to continue conversations started into the classroom into the homes of extended families and communities who support and empower our next generation of Native youth leaders. Youth may volunteer to join the planning committee alongside the Health Educators to conduct these events 10 times a year. Guest Speakers, cultural activities, family meals, and additional trauma informed art under A Window Between Worlds will be offered at these events. *Families of enrolled students are highly encouraged to join these events.
